## EXTERNAL COMMUNICATION

To: B3's Market Participants – BM&FBOVESPA Segment

Re: **EntryPoint – Order Entry Interface – New Free-Text Field.**

In response to demand from market participants for an additional free-text field in the EntryPoint protocol specification for order entry and drop copy, the Strategy ID field (tag 452=1005) has been implemented.

The new field has the same specifications as the Desk ID field (tag 452=76), which is widely used by participants to segregate transactions in their internal systems.

The Strategy ID field is available in the certification environment. Certification is mandatory only for market participants who intend to use this field, and can be scheduled with Trading Support by telephone on +55 11 2565-5000, options 4 and 1 respectively, or by email at [tradingcertification@b3.com.br](mailto:tradingcertification@b3.com.br).

EntryPoint technical specifications can be accessed at [www.b3.com.br/en\\_us/](http://www.b3.com.br/en_us/), Solutions, Platforms, PUMA Trading System, Developers and vendors, EntryPoint – order entry.

### **SINACOR users**

The SINACOR dictionary available in the August version (18.2.0) must be updated. Without the update, orders containing the completed Strategy ID field will be discarded by the system.

Please note that the Strategy ID field will not be displayed on the system's screens at this time.
