## 1 INTRODUCTION

The DATAWISE commercial policy aims to clarify the rules established for accessing the service of analytical data provision. This service allows users to carry out descriptive analyses of the markets in which they trade.

This tool will help users to draw up corporate strategies based on real data published in the form of analytic files called reports or comparative panels called dashboards, with graphs and information that are relevant to the decision-making process.

### 1.1 DATAWISE users

The **DATAWISE USER** is any customer who, upon entering into the **DATAWISE SERVICES CONTRACT**, accesses the data provided by DATAWISE exclusively for use in internal activities.

### 1.2 Characteristics

DATAWISE will provide reports and dashboards with analytical data on the markets managed by B3. These data will be available at a website where the user shall access the contracted information with a login and password the bought information.

## 2 CONTRACTING

Contracting of the service occurs directly with the B3 Customer Relationship area, by telephone on +55 11 2565-7908 or by email at [produtosdedados@b3.com.br](mailto:produtosdedados@b3.com.br).

For reports acquisition, after signing the contract, the choice of reports will be made by the USER with a buyer profile directly on the DATAWISE website.

### 2.1 DATAWISE services contract

The **DATAWISE SERVICES CONTRACT** describes the duties and obligations of the contracting parties and of B3 and authorizes use of DATAWISE data exclusively by the organization, whereas data distribution is not permitted. The

**DATAWISE SERVICES CONTRACT** must be entered into by all **DATAWISE USERS**.

### 2.1.1 Required documents

The following documents shall be delivered in digitized format, together with the duly formalized **DATAWISE SERVICES CONTRACT**:

- Trading Participants: the **DATAWISE SERVICES CONTRACT** shall be signed by representatives with powers of attorney, in accordance with their registration with B3;
- Other institutions: Documentation that evidences the powers of attorney that the contracting party has granted to their legal representatives and/or their attorneys in fact;
- For all the institutions:
  - **Annex I:** This Annex to the **DATAWISE SERVICES CONTRACT** must be filled out and submitted to B3, as it encompasses the institutions of the **BUSINESS GROUP** that authorize the contracting institution to access their information that might come to be singled out in the contracted services. This document shall be updated whenever the institution obtains new authorization or when authorization is revoked for an entity in its **BUSINESS GROUP**.
  - **Annex II:** This Annex to the **DATAWISE SERVICES CONTRACT** shall be filled out and submitted to B3 as it includes the users registration data for accessing DATAWISE
  - **Annex III:** This Annex to the **DATAWISE SERVICES CONTRACT** shall be filled out and submitted to B3 as it encompasses the dashboards contracted by the institution. This document must be updated whenever the contracting institution needs to modify the contracted services.

- **Annex IV:** This Annex to the **DATAWISE SERVICES CONTRACT** shall be filled out and submitted to B3 as it contains the enabling the service of reports, allowing this files to be hired by the institution on the website of Datawise

## 2.2 Business Group

The service shall be contracted by the institution, taking its **BUSINESS GROUP** into consideration for payment and access to information.

**BUSINESS GROUP** refers to the group of institutions comprised of:

- (i) Legal entities that are directly or indirectly controlled by the same legal entity and/or (ii) controlling group and its direct or indirect subsidiaries.

All the companies belonging to the **BUSINESS GROUP** shall expressly authorize the contracting institution. Any change to the composition of the group must be communicated in advance to **B3** to allow due contractual adjustments.

The companies in the **BUSINESS GROUP** shall authorize the contracting institution to access the contracted information.

It should be noted that **B3's** express approval is required for companies to be included in the **CONTRACT** as members of the **BUSINESS GROUP**.

In view of this, banks and brokerage houses are part of the same **BUSINESS GROUP**, but asset managers will not be considered as belonging to the group and will thus be charged separately for the service and access to data.

## 3 FEE SCHEDULE

Upon formalization of the **CONTRACT** fees will be charged as set forth herein and in the Cetip UTVM segment fee schedule for accessing DATAWISE data. Both fee schedules shows the fees charged monthly based on the reports or dashboards contracted by the institution.

All the institution's users shall have access to the same dashboards, however, reports can be segregated by access profile and DATAWISE user type.

The following topics explain each type of fee applied to DATAWISE, which its pricelist rule is segregated into two sub-services: dashboards and reports.

### 3.1 Dashboards

#### 3.1.1 Individual Dashboards

In this form of contracting, dashboards are contracted individually. The fee for each type of dashboard is provided in the table below.

<b>Price per dashboard</b>	<b>All dashboards (unless otherwise identified in this table)</b>	<b>Liquidity Dashboards</b>	<b>Operational Qualification Program (PQO) Dashboards</b>
	R\$ 5.000,00	R\$ 1.500,00	R\$ 1.500,00

#### 3.1.2 Dashboard packages

It is also possible to contract the dashboards through packages with a preset number of dashboards that can be chosen in accordance with the needs of the contracting institution. Each package will have a fixed price, which is set out in the table below.

<b>Packages</b>	<b>Quantity of dashboards</b>	<b>Package's price</b>
Package 1	4	R\$ 11.000,00
Package 2	8	R\$ 18.000,00
Package 3	12	R\$ 25.000,00
Package 4	16	R\$ 30.000,00
Package 5	>16	R\$ 35.000,00

The features of the contracted product may be modified at any time (modification of the number of dashboards that have been selected or modification of the package that has been contracted), being charged pro rata if the service is modified in the middle of the month.

### 3.1.3 Additional Logins

The contracting institution shall be entitled to three logins at the DATAWISE webportal, and as of the fourth login, the institution will have to request additional logins at R\$ 500.00 each.

### 3.1.4 Specific Rules

Data from the Operational Qualification Program (PQO) dashboard will continue to be available in PDF. B3 will send these data to participants upon request.

## 3.2 Reports

For the reports, the solicitation of this service will be made directly on the DATAWISE website, where the fees of each report will be displayed on screen.

The reference table used to compose the price of each report is published in the Fee Schedule document of the Cetip UTVM segment, available at the following electronic address:

[http://www.b3.com.br/en\\_us/products-and-services/fee-schedules/cetip-utvm-segment-fees.htm](http://www.b3.com.br/en_us/products-and-services/fee-schedules/cetip-utvm-segment-fees.htm) > Cetip UTVM segment fees

## 3.3 Free trial period

B3 will grant a 15-day free trial period to registered institutions. The granting of differentiated terms of gratuity will depend on the approval of the competent internal committees of B3. Since there will be subsequent automatic activation as a paid service, the registered institutions must request cancellation if they do not wish to continue to use the DATAWISE service.

## 3.4 Anual price adjustment

The prices quoted in Brazilian Reals (BRL) in this Commercial Policy shall be corrected annually by the inflation rate measured by the Extended National Consumer Price Index (IPCA/IBGE).

## 4 GENERAL RULES

For accessing the DATAWISE service, it will be necessary to formalize through the DATAWISE SERVICES CONTRACT, as required in this Commercial Policy.

Any omissions in regard to this Commercial Policy shall be resolved by B3.
