CIRCULAR LETTER

To: B3 OTC Participants

Re: **Change to IP Addresses for Trader Subsystem in B3's OTC Trading Platform**

The public IP addresses for access to the Trader electronic trading platform in the primary production environment have changed, as shown in the following chart:

URL	IP address	Port	Environment
trader.b3.com.br	177.126.175.172	443	Production (current)
	177.66.125.250		Production (new)
	177.54.222.250		Contingency (no change)
rt-trader.b3.com.br	177.126.175.173	443	Production (current)
	177.66.125.251		Production (new)
	177.54.222.251		Contingency (no change)
fix-trader.b3.com.br	177.126.175.174	443	Production (current)
	177.66.125.252		Production (new)
	177.54.222.252		Contingency (no change)
middle.b3.com.br	177.126.175.169	443	Production (current)
	177.66.125.253		Production (new)
	177.54.222.253		Contingency (no change)

The new addresses are available now. Market participants must migrate by **April 2, 2021**.

010/2021-PRE

It is important to note that URLs and TCP ports for access to the platform and public IP addresses in the contingency environment remain unchanged.

Further clarification can be obtained from Trading Support by calling +55 11 2565-5021 or emailing tradingsupport@b3.com.br, and from Network Support by calling +55 11 2565-5130 or emailing suporte.redes@b3.com.br.
