

Take a step forward and optimize your decision making with DATAWISE

Learn about the system release process

FOR INTERNET COMPANIES

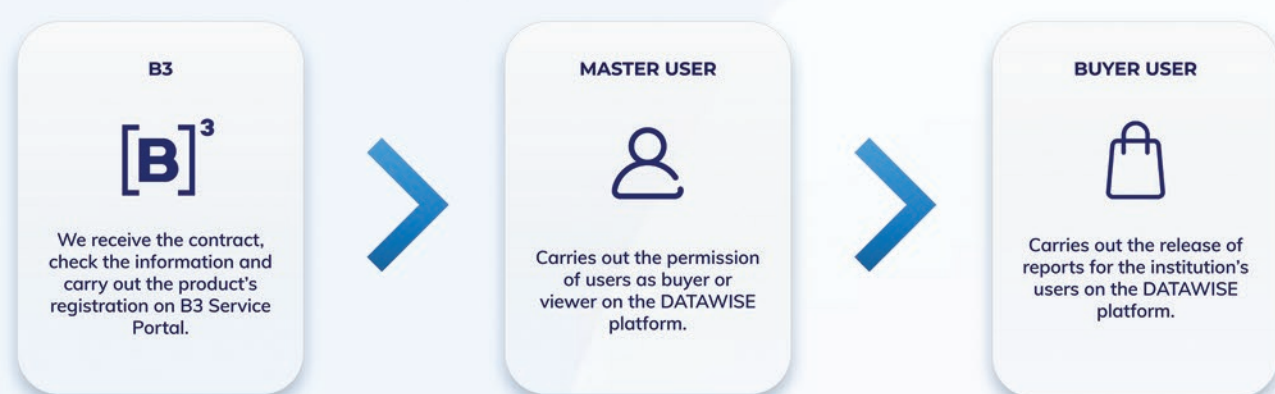

The profile and user creation process and link to the product's profile is carried out exclusively by B3.

DATAWISE DASHBOARDS

The process is carried out exclusively by B3 upon contracting the service and registration on B3 Service Portal.

DATAWISE REPORTS

Linking the profile and creating users is done by B3, the permission of users as "Buyer" or "Viewer" on the DATAWISE platform is done by the institution's master user and the release of reports is done by the buyer user.

The master and common profiles must be selected in the DATAWISE Reports annex

Common profile: to have access to the download tab of files within the platform

Master profile: to control permissions of users as "Buyer" and "Viewer" within the platform

If you wish to have access to the product as an administrative role, you should select both profiles described above

RELEASE FOR EXTRANET COMPANIES

The profile creation process is carried out by B3 upon contracting the service, while the creation of users and link to the product's profile is carried out exclusively by the institution's privileged user.

DATAWISE DASHBOARDS

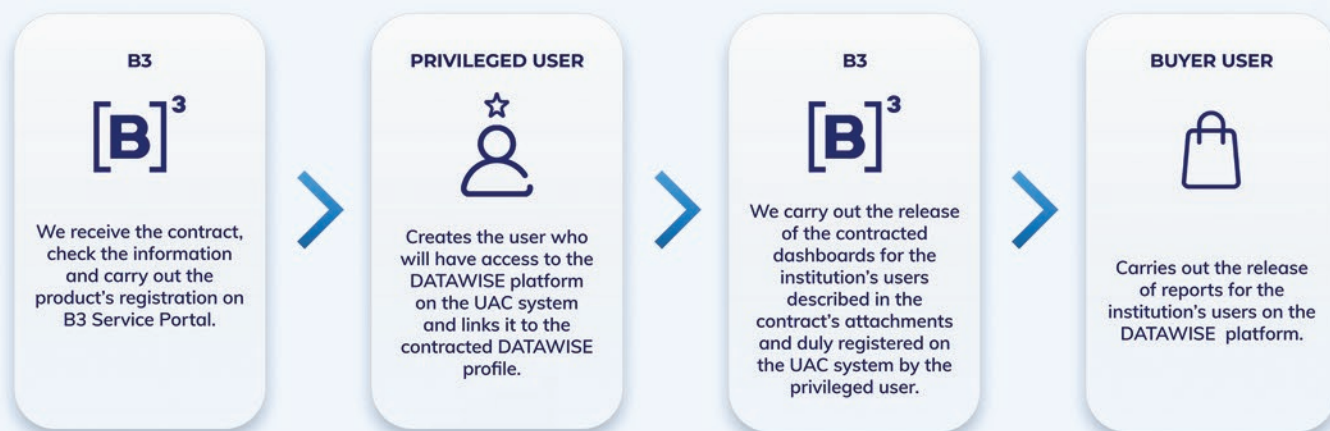

For intranet companies the release process is done internally by B3. For extranet companies the release is done jointly with the institution's responsible users by following the steps below:

The DATAWISE Dashboards profile that must be linked for you to have access to the product's platform is: DATAWISE_EXT_ANALYTICS

DATAWISE REPORTS

For all companies contracting the service, the release upon contracting is done exclusively by the institution's responsible users by following the steps below:

The DATAWISE Reports contains two profile options that may be linked to the user upon contracting the service. The options are:

- Link the **DATAWISE_REPORT-EXT-COMUM** to have access to the download tab of files within the platform;
- Link the **DATAWISE_REPORT-EXT-MASTER** to control permissions of users as "Buyer" and "Viewer" within the platform.

If you wish to have access to the product as an administrative role, you should link both profiles described above.

If you have any queries about the DATAWISE platform, write to produtosdedados@b3.com.br.
