January 11, 2012	3.1	- Initial version	AMS/CTC

## 1. Preface

This document describes the series of tests that qualify a third-party institution to connect to B3 for the purpose of routing orders for Derivatives and Equities segments using FIX4.4 (Financial Information exchange).

FIX is a technical specification for an electronic communication of trade-related messages. It is an open standard managed by members of FIX Protocol Limited. ([www.fixprotocol.org](http://www.fixprotocol.org))

This document outlines the certification process to route orders through B3 EntryPoint and is provided for third-parties which need trading connectivity with B3.

To request copies of this document, please contact: [tradingcertification@b3.com.br](mailto:tradingcertification@b3.com.br)

## 2. Introduction

The test scenarios will be executed sequentially, and each one will be available for 15 minutes, this way, the expected results can be verified and initially analyzed in case of failure.

All FIX messages should follow the specification in “EntryPoint: Order Entry Messaging – Message Specification” and “EntryPoint: Order Entry Messaging - Messaging Guidelines” which are available on the B3 website at: [http://www.b3.com.br/en\\_us/solutions/platforms/puma-trading-system/for-developers-and-vendors/entrypoint-order-entry/](http://www.b3.com.br/en_us/solutions/platforms/puma-trading-system/for-developers-and-vendors/entrypoint-order-entry/)

### 3. Glossary

GTD	Good Till Date
GTC	Good Till Cancel
IOC	Immediate Or Cancel
FAK	Fill And Kill
FOK	Fill Or Kill
ATC	At The Close
GFA	Good For Auction
HFT	High Frequency Trader
RLP	Retail Liquidity Provider
RLT	Retail Liquidity Taker

### A1. LIMIT Orders with Validity DAY

Tags: 35=D; 40=2; 59=0  
 Available for: PUMA Equities; PUMA Derivatives  
 Access model: DMA and Desk trader

Step	Description	Expected result	Req	Status	
A1.1	Customer: Send buy limit order, DAY <ul style="list-style-type: none"> <li>100@20,00</li> </ul> TRADING CERTIFICATION: Send sell limit order, DAY <ul style="list-style-type: none"> <li>100@20,00</li> </ul>	Order filled - Trade	Y	Pass	N/E
A1.2	Customer: Send buy limit order, DAY <ul style="list-style-type: none"> <li>200@20,00</li> </ul> TRADING CERTIFICATION: Send sell limit order, DAY <ul style="list-style-type: none"> <li>100@20,00</li> </ul>	Order partial filled - Trade Orders on book: <ul style="list-style-type: none"> <li>Buy 100@20,00</li> </ul>	Y	Pass	N/E
A1.3	Customer: Modifies pending buy order <ul style="list-style-type: none"> <li>From: 100@20,00</li> <li>Modify to: 300@21,00</li> </ul>	Modification of the pending offer Orders on book: <ul style="list-style-type: none"> <li>Buy 200@21,00</li> </ul>	Y	Pass	N/E
A1.4	TRADING CERTIFICATION: Send sell limit order, DAY <ul style="list-style-type: none"> <li>100@21,00</li> </ul>	Modified order partial filled - Trade Orders on book: <ul style="list-style-type: none"> <li>Buy 100@21,00</li> </ul>	Y	Pass	N/E
A1.5	Customer: Cancels pending order <ul style="list-style-type: none"> <li>100@21,00</li> </ul>	Cancel pending order.	Y	Pass	N/E
