Apresentação

Este estudo foi elaborado com o objetivo de atender à demanda dos investidores interessados em avaliar como teria sido o comportamento do Ibovespa no passado, se as regras implementadas em setembro de 2013 já estivessem em vigor.

É importante ressaltar que este estudo deve ser considerado meramente ilustrativo, pois não é possível determinar qual teria sido o impacto dessas regras nas estratégias de negociação dos investidores e a consequente influência no comportamento dos preços dos ativos.
