EXTERNAL COMMUNICATION

To: Listed B3 Participants

Re: **B3 Clearinghouse Processing via Contingency Infrastructure**

We hereby inform you that in the week of **October 16 to 23, 2021**, B3 Clearinghouse processing will be performed at the alternative site, using the contingency technology infrastructure.

The addresses for connection with B3's services must be duly configured and liberated so that activation of B3's contingency infrastructure will have no impact on the market. These addresses are available at the following link:

http://www.bvmfnet.com.br/pt-br/servicos/download/Conectividade_pos_negociacao_Producao.pdf

To allow the participant's infrastructure connection to be validated, the B3 Clearinghouse's contingency infrastructure will be active on **October 16, 2021**, from **4 p.m. to 6 p.m.** We recommend that you participate on this date so that there can be application of the validation script before the contingency processing week.

Institutions must confirm their presence by 2:00 p.m. of **October 14, 2021**, by an email, at sat@b3.com.br, containing the "B3 Clearinghouse Connectivity Test in Contingency" subject line, identification of the institution, the list of names of the individuals that will take part, and the respective contact telephone numbers and email addresses.

Services will be available for connectivity tests as of **6:00 a.m. on October 18, 2021**, when the Support teams will begin providing assistance.

098/2021-VNC

This activity is part of the B3 continuity tests program and may occur with or without prior notice to validate the market's response capacity and the system's resilience. Further information can be obtained from the following Service Centers: Settlement (+55 11 2565-5011), Risk (+55 11 2565-5031), Registration (+55 11 2565-5071), SAT (+55 11 2565-5120).
