## EXTERNAL COMMUNICATION

To: B3's Market Participants - BM&FBOVESPA Segment

Re: **Report on Public Consultation – Change to the Rule for Registration of Cross Orders in an Exchange Environment.**

Today, B3 publishes the Report on the Public Consultation about a change to the rule for the registration of cross orders in the exchange markets, seeking to unify BM&F and Bovespa segment rules in the PUMA Trading System and to regulate a new order type called retail liquidity provider (RLP), as set forth in Circular Letters 050/2018-VOP, of December 19, 2018, and 007/2019-PRE, of January 17, 2019, and in External Communication 120/2018-VOP, of December 21, 2018.

The Report sums up the received comments and suggestions about the listed items and gives the reasons when comments were not taken on board.

The Report, the rules for the registration of cross orders in an exchange environment, the new type of (RLP) order and the comments received within the scope of the public consultation, are available at [www.b3.com.br/en\\_us/Regulation, Public Consultation, RLP and New Rule for Registration of Cross Orders](http://www.b3.com.br/en_us/Regulation/Public%20Consultation/RLP%20and%20New%20Rule%20for%20Registration%20of%20Cross%20Orders).

More information can be obtained from the Electronic Trading Department, by email at [controledeoperacoes@b3.com.br](mailto:controledeoperacoes@b3.com.br) or by telephone on +55 11 2565-5000, option 2.
