

AFTER-MARKET

AUTHORIZED MARKET

All spot market (Round lot and odd lot), ETFs, BDRs, Investment Funds, Forwards, Bovespa Mais and Organized OTC market.

The options market and the other private fixed income securities remain unauthorized for trading in the after-market period.

In the case of publication or pending publication of a notice of material event by an issuer immediately before or after the extended after-market session, the instruments pertinent to said issuer will be submitted for auction by the end of after-market trading.

We inform you that as of May 21, 2021, on the expiration date for options on single stock, units and ETFs:

- automatic exercise processing will be at 7:00 pm.
- the after-market period will have special times, with a pre-opening auction at 7:00 p.m., the start of trading as of 7:05 p.m. and the close at 7:30 p.m.
- corrections will be made up until 8:00 p.m.
