

FEE STRUCTURE CHANGE

Price changes for the Connectivity, the Risk Services - Margin Simulator and the Co-Location services

Destined for segment participants: Listed.

Summary: As of January 15, 2026, new prices will come into effect for the FIX and Binary Order Entry sessions and there will be an IPCA index-based price change for the Connectivity, the Risk Services - Margin Simulator and the Co-Location services.

B3 hereby informs that, effective **January 15, 2026**, the fees for FIX and Binary Order Entry sessions will be updated. Market Maker sessions will have differentiated prices compared to regular Order Entry sessions. The updated price list will be published in the Connectivity Services Commercial Policy.

Other connectivity services for trading, post-trading, Risk Services-Margin Simulator, and Co-location will be adjusted by the IPCA, according to the accumulated rate from July 2024 to June 2025, equivalent to 5.35% (five-point thirty-five percent). Further details are available in the new versions of the Commercial Policies, at the following links:
