

CHANGE TO PRODUCT OR SERVICE

New date for discontinuation of public data page

Intended for segment participants: OTC; Listed.

Summary: The public data page for listed and OTC products will be discontinued on March 31, 2026.

With all the data already available and consolidated in the Daily Bulletin, the public data page for listed and OTC products will be discontinued on March 31, 2026. The deactivation, previously announced for January 19, 2026, was postponed to allow users more time to adapt after the data migration to the Daily Bulletin, which occurred in December 2025 and was disclosed in [External Communication 007-2025-VTEC](#).

The initiative aims to improve the browsing experience on the B3 website, offer greater visibility to data and provide more transparency to publications. It should be noted that all data disclosed on the public data page are already available in the Daily Bulletin, as shown in the annex to this External Communication.
