EXTERNAL COMMUNICATION

To: Listed B3 Participants

Re: **Change to the Internet IP Address for Listed B3 Certification with Lan to Lan VPN**

We hereby inform you that the final date of **May 2, 2021** for the migration referenced in External Communication **002/2021-VTI** has been put back to **June 30, 2021**.

We reiterate that access to the certification of Listed B3 trading and post-trade applications, including UMDF Market Data via Certification VPN, will undergo a public internet IP address change. As of July 1, 2021, the previous platform will be deactivated.

We request that participants that use this means of access contact B3 to schedule the change to IP addresses of the Certification VPN, as described below, as the current ones will be deactivated.

Inclusion of the new public IP address is necessary to access the Listed B3 certification environment and its range of platforms. The applications address will remain unchanged, with configuration required only for the VPN peer IP and client-side Lan Range.

The peer IP will be changed in accordance with the table below. The new Lan IP address will be announced upon interaction between B3 and the participant.

This External Communication produces effects as of the date of its publication.

Any specified time limits for validity shall apply.

This free translation is not legally binding. Any questions arising from the text should be clarified by consulting the original in Portuguese. In the event of any discrepancy, the original in Portuguese shall prevail.

Description of URLs and IP addresses

URL	IP Address	Portals	Environment
Certification VPN	177.54.222.7 or 200.19.63.235	IKE IPSEC	Current Certification VPN
	177.54.214.20		New Certification VPN
UMDF Multicast VPN	200.19.63.234 or 200.19.63.221	IKE IPSEC GRE Tunnel	Current Certification UMDF VPN
	177.54.214.20		New Certification UMDF VPN (Same Certification IP)

These changes can be scheduled by email at mudanca-vpn-cert-2021@b3.com.br or by telephone on +55 11 2565-4020.

Further information is available from Advanced Technological Support (SAT) by telephone on +55 11 2565-5120 or by email at sat@b3.com.br.
