CIRCULAR LETTER

Listed B3 Participants

Re.: **Rectification - Change to the Implementation Plan of Binary Market Data (Binary UMDF)**

Seeking to rectify the list of channels to be migrated in the Binary Market Data (Binary UMDF) implementation waves, Circular Letter 009/2023-VNC, dated July 20, 2023 is hereby revoked, with the current version coming in to effect.

Change to the Implementation Plan of Binary Market Data (Binary UMDF)

We hereby inform you that the planning for the implementation waves of the Binary Market Data (Binary UMDF) in a production environment will change as follows.

- **First wave: July 31, 2023**

Channels 68, 98 and 94

- **Second wave: August 7, 2023**

Channels 74, 78, 80, 86 and 92

- **Third wave: August 21, 2023**

Channels 70, 72, 76, 82, 84, 88 and 90

Please note that only the distribution of the channels among implementation waves has been changed. The migration dates remain as announced previously.

Binary Market Data will be displayed via Feeds A, B and C. Feed A has optimized architecture that permits greater speed compared to Feed B and FIX/FAST Market Data, while Feed C performs an essential role in displaying events that occur at the secondary site in the case of transition from primary site to second (Disaster Recovery).

According to External Communication 015/2023-VNC, certification is **mandatory** for the systems that use the Binary UMDF platform in production and can be scheduled with Trading Support at tradingcertification@b3.com.br.

The test scripts are available at www.b3.com.br/en_us/, Solutions, Platforms, PUMA Trading System, Developers and vendors, How to certify, Certification scripts, Market Data Binário (SBE).

Technical details about the project are available at https://clientes.b3.com.br/en_us/, Roadmap, typing "Binary Market Data" in the Advanced Filter Field.

This Circular Letter revokes and fully substitutes the content of Circular Letters 117/2023-PRE, dated July 6, 2023 and 009/2023-VNC, dated July 20, 2023.
