

Tesouro Direto processing via contingency infrastructure

Intended for segment participants: Listed.

Summary: From June 6, 2026, Tesouro Direto processing will be executed at an alternative site, using B3's contingency technological infrastructure.

B3 hereby informs you that as of June 6, 2026, Tesouro Direto processing will be executed at an alternative site, using contingency technological infrastructure, which will be active from **2:00 p.m. to 4:00 p.m.** We recommend everyone's participation on that day for application of the validation script for contingency processing.

To prevent B3's contingency technological infrastructure from causing any impact on the market, it is essential that the connection addresses with B3's services, which are available [here](#), be duly configured and enabled.

Institutions must confirm their presence **by 2:00 p.m. of June 5, 2026** by email at td.operacional@b3.com.br, with "Contingency Tesouro Direto Connectivity Test" in the subject line. The email must contain identification of the institution, the list of names of the participants and the respective contact telephone numbers and email addresses.

This activity is part of B3's business continuity tests program and may occur with or without prior notice to validate the market's response capacity and the system's resilience.
