

## Changes on the minimum size for direct offer registration

Intended for segment participants: Listed

Abstract: Based on the monthly monitoring of indicators and thresholds related to the rules for registering direct offers, B3 identified the need to adjust the average percentage of the volume of these offers in some products.

Based on the monthly monitoring of indicators and thresholds related to the rules for registering direct offers, we identified the need to adjust the average percentage of the volume of these offers in the following products:

- **PORT3** – The average percentage of the volume of direct offers in the last three months was 29%. It therefore exceeded the threshold per asset of 25% for the product. As a result, as of **06/18/2025**, the minimum quantity for the registration of direct offers of the product will be 15,000 shares.
- **Stock Option** – The average percentage of the volume of direct offers in the last three months decreased from 20% to 19%. As a result, as of **06/18/2025**, the minimum quantity for the registration of direct offers of the product will be 20,000 contracts.

Minimum quantities for direct offer registration are available at [b3.com.br](https://b3.com.br) > Solutions > Puma Trading System > Platforms > Trading Rules and Parameters > Direct Offers.

The monthly monitoring of indicators and thresholds related to the rules for registration of direct offerings by B3 is provided for in the Manual of Operational Trading Procedures, item 4.3.3.1.
